

Pleasant View Fire Protection District
Meeting Minutes
Tuesday, August 18th, 2026

The meeting of the Pleasant View Fire Protection District Board of Directors was called to order by Jeremy Rosenbaugh at 7:07 p.m.

Board Members present were Jeremy Rosenbaugh, Jim Johnson and John Riedel. Additionally, Landan Wilson Administrative Assistant Angela Rohwer, Fire Chief; were present. Walt Henes and Dean Ives were absent.

*The agenda showed approval of 2nd quarter pension financials, but the board pointed out that this agenda item was not necessary. Therefore, no pension business was conducted at the meeting.

District Business

Minutes: The minutes for the June Board Meeting were approved. The board also acknowledged that the July 21st board meeting was canceled therefore there were no minutes from that meeting. Jim made a motion to approve the June meeting minutes; John seconded the motion. Motion carried.

Financials: The board reviewed the June and July financials. Jimmy made a motion to approve the June financials. John seconded the motion. Motion carried. John made a motion to approve the July financials. Jimmy seconded the motion. Motion carried.

Old Business

- **New Substation/ Equipment** – Angela reported that progress is being made on the new substation. The water and electricity have been installed. The contractors will start doing the dirt work next. The building has arrived and will start constructing it soon. The driveway permits were approved and are waiting for an address to be assigned. Jeremy asked if the contractor is still aiming for the substation to be completed by November. Angela didn't know if it would be completed by November as the contractor had been involved with other jobs as well. Angela also reported that the firefighters voted to change the truck numbers. The recently purchased engine is getting repaired for some minor issues. Josh Alexander is busy ordering supplies for the new engine and tanker in order to make the trucks compliant.

New Business

- **Fire Chief Quarterly Bonus** – John voted to approve the fire chief's quarterly bonus. Jim seconded the motion. Motion carried.
- **Asphalt** – Angela requested that the board look into repairing the asphalt at the main station. She mentioned that four firefighters had worked five hours sealing the cracks, but the repairs didn't last. She had presented the board with three bids to review for repairing the asphalt. The quotes included fixing both the Yellow Jacket substation as well as the Pleasant View Station. Jeremy asked the board if they should call Walt and Dean to have them give their input. Both Dean and Walt thought that the cheaper quote was the best option for the repairs. Carlson and Johnson would be able to do the repairs in three to four weeks. Jimmy mentioned that he would like to see them do it as soon as possible before the weather turns cold. John made a motion to approve the \$33,000 quote from Carlson and Johnson to repair the asphalt at Yellow Jacket and Pleasant View. Jimmy seconded the motion. Motion carried.

Fire Chief Report

Angela started her report by informing the board about the Ferris fire. It burned roughly 65,000 acres. The department was one of the first to be called to the fire. While it did not start on private property, the firefighters were responsible for evacuating those close by when the fire initially started as well as protecting some structures. The Pleasant View fire station was opened up for those that had to be evacuated, and then the Pleasant View Charter school opened up for the Red Cross to house evacuees as well. She thanked the community for the flood of donations that were received during the fire. She said this fire was the most ill-behaved fire she had experienced. Jeff Hurd did reach out to Angela to see if they needed any additional resources. The whole experience gave Dean and Angela a better insight and some good training as they followed along with state and federal firefighters. The district also responded to the McCloud fire, giving Dove Creek additional resources that were needed. Pleasant View also covered for Dove Creek medic and fire while they responded to the cross-canyon fire. As of the August meeting, the district has received 82 calls. All firefighters

completed and passed the medical physical. El Pomar foundation donated \$5,000 to the district to purchase wildland equipment. The California 8 team also donated an AED to the Dove Creek ambulance, who in turn donated it to PVFPD. Angela also mentioned that her and Landan worked on the brush truck grant but were unsuccessful in completing it due to issues with the federal website and getting Landan access. When another grant comes up, the district will be ready to apply. Josh and Angela are also working on another grant with the Elizabeth Fire Foundation and will know the results of that grant soon. Jayden Curtsinger was voted on to be a firefighter on July 14th. Heidi and Brandon are working on a mass casualty training.

Administrator Report

Landan reported that the district received a \$300 online donation. The board agreed to let the firefighters receive the donation. Pring and Turner plan to present at the September meeting. Larita Randolph had contacted Landan to see if they needed to participate in the November election. The board didn't feel any need to present anything on the ballot for November. Landan and Angela will plan to meet soon to start working on the budget.

Public Comment

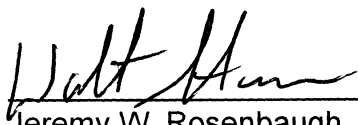

There were no public comments made.

Executive Session

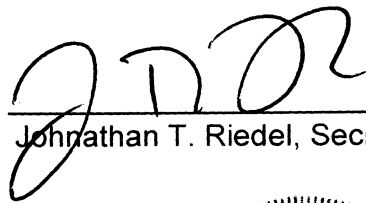

There was no public session.

Adjournment

John made a motion to adjourn the meeting. Jimmy seconded the motion. Motion carried. Meeting adjourned at 7:39 p.m.

Jeremy W. Rosenbaugh, President

Johnathan T. Riedel, Secretary/Treasurer
